Section 1244.300 Incident Reporting

Beginning July 1, 2021, all law enforcement agencies shall report to the Illinois State Police (ISP) incidents where a law enforcement officer was dispatched to deal with a person experiencing a mental health crisis or incident.

a) The data reported for each incident shall include:

1) the level of law enforcement response, and

2) the outcome of each incident. [50 ILCS 709/5-12]

b) The duty to report is based upon the reason for dispatch rather than the outcome of the incident.

c) The data reported should not include:

1) officers responding to an ISPERN or emergency broadcast if they were not specifically dispatched to respond; and

2) officers handling an incident who subsequently learn a mental health crisis or incident is involved if they were not dispatched in response to a mental health crisis or incident.

d) The data reported should include officers dispatched to a mental health incident or crisis even if they are unable to locate the subject and/or otherwise do not complete a field report regarding the incident.

e) The data reported shall be submitted electronically, in a form and manner prescribed by ISP. A form, including instructions, shall be made available on the ISP's website.

f) Data reported shall be submitted for any given month by the 15th day of the following month.
